## SEMI AUTOMATIC PISTON FILLERS

These semi-automatic piston fillers are suitable for filling containers with products that range from water to viscous as well as cream.

### Features:

- ~Filling precision is +/- 1%
- ~Easy to adjust filling measure
- ~Easy to set-up, operate, dismantle and maintain
- ~Set manual and automatic

### Specifications:

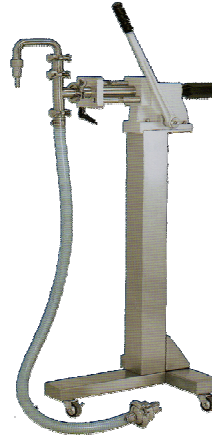

#### GC-BL - Semi automatic piston filler for liquids

| Model      | Filling Range (ml) | Capacity (pcs/m) | Air Consumption | Dimensions (mm) |
|------------|--------------------|------------------|-----------------|-----------------|
| GC-BL 100  | 10-100             | 20-25            | 5.7             | 980x550x1200    |
| GC-BL 250  | 30-250             | 20-25            | 5.7             | 1000x550x1250   |
| GC-BL 500  | 100-500            | 12-18            | 5.7             | 1100x550x1300   |
| GC-BL 1000 | 200-1000           | 8-14             | 5.7             | 1300x700x1350   |
| GC-BL 2000 | 500-2000           | 6-10             | 8.8             | 1650x700x1200   |

#### GCG-BL/-2 - Semi automatic piston filler for viscosity

| Model           | Filling Range (ml) | Capacity (pcs/m) | Air Consumption | Dimensions (mm)   |
|-----------------|--------------------|------------------|-----------------|-------------------|
| GCG-BL /-2 100  | 20-100             | 20-25/40-50      | 5.7             | 980x550/660x1450  |
| GCG-BL/-2 250   | 30-250             | 20-25/40-50      | 5.7             | 1000x550/660x1550 |
| GCG-BL/-2 500   | 100-500            | 12-18/24-36      | 5.7             | 1100x550/660x1600 |
| GCG-BL /-2 1000 | 200-1000           | 8-14/16-28       | 5.7             | 1300x670/780x1650 |
| GCG-BL /-2 2000 | 500-2000           | 6-8/12-16        | 8.8             | 1650x700/800x1700 |

Manufactured in China

GC-H  
Hand Operated

GCG-BL  
Filling Machine for Viscosity

GC-BL  
Filling Machine for Liquid

GCG-BL-2  
Two Nozzle Filling Machine  
for Viscosity
